

M10-762™ Specification Sheet

Imported by M+M Inc. directly from Romania, our M10 rifles are entirely manufactured of all NEW parts. You'll find not many of our competitors can make the same claims and at such a great price! We guarantee our rifles exceed ATF's minimum 922R, U.S. made parts compliancy requirements.

The barrels of our rifles are cold hammer forged and chrome-lined for long lasting durability and increased accuracy. Windage adjustable RPK-style rear sights graduated to 1000 meters in 100-meter increments.

All of our newly manufactured rifles come supplied with a card board storage box, an owner's manual, one 30 round magazine and a one year, from the date of purchase, warranty.
